SPECTRUM 7.1 Documentation

Introduction

The Documentation CD contains the SPECTRUM documentation available at release time.

- New documents and the latest documentation update package (updated_documents.zip) are provided on the Aprisma web site at http://www.aprisma.com/support/secure/manuals/spec710/ when they become available.
- Please send feedback regarding SPECTRUM documents to spectrum-docs@aprisma.com.

SPECTRUM documents are organized in the following categories:

SPECTRUM Management — Setup and administration of SPECTRUM.

SPECTRUM Operation — SPECTRUM user interface basics for daily use.

Network Management — Managing your network with SPECTRUM.

Device Management — Monitoring network devices with SPECTRUM.

Customization (Level 1) — Extending SPECTRUM with Level 1 toolkits.

Developer API Toolkits (Level 2) — Extending more with Level 2 toolkits.

Applications & Gateways — Products that integrate with SPECTRUM.

Software Release Notices — Software release notices and readme files.

Alphabetical Listing of All Documents — All of the above, combined.

Clicking on any of the blue-colored category titles above takes you to the list of publications in that category. Clicking on any of the publication titles opens a Portable Document Format (PDF) copy of the associated document. To view and search these files, you must use Adobe Acrobat Reader with Search, which is provided on the Documentation CD. (See the ReadMe file on the Documentation CD for more information.)
